As medical science discovers and designates the remedies nature has given, one by one, the diseases that afflict our race yield to the centrol of art.—Of all the maisdies we suffer from, none has carried more victims to an untimely grave than Consumption of the Lungs. Subjoined we give some evidence that this too may be cured, and that Pulmonary Complaints, in all their forms, may be removed by Cherry Pectoral.

Space will not permit us to publish here any proportion of the cures it has effected, but the Agents named below will fornish our circular free, whereon are full particulars, and indisputable proof of these facts.

Drawning Par Sec. 35, 1881.

PITTSBURGH, PA., Feb. 25, 1851.

DEAR SIR: For three years I have been afficied with a cough so distressing, that I frequently dispaired of recovery; much of the time I was obliged to sit up all night in my chair, as my cough would sufficiate me when I laid down. Having used many remedies without much relief, I at last tried the Cherry Pectoral, which under Providence has

ured me altogether.

I sm with gralitude yours,

JAMES McCANDLESS.
